

BLUE LAKE SARENS OIL, GAS & (PETRO)CHEMICAL

- **DISCOVER OUR SCOPE**

- early involvement (FEED)
- engineering
- from factory to foundation
- new build projects
- project management
- heavy lifting and heavy haulage solutions
- shut-downs
- maintenance activities
- modularisation
- turn around and revamp management

- **KEY BENEFITS**

- safety is paramount
- innovative lifting and transport techniques
- close co-operation with our clients
- significant cost and time savings
- major project manning
- high standards

OIL & GAS (PETRO)CHEMICAL PROJECTS

• REFERENCES

- Wasit project - Saudi Arabia
- CNRL Horizon Oil Sands Project - Canada
- RFCC project - Indonesia
- Ormen Lange - Norway
- LNG Skikda Project - Algeria
- AnwerUp - Belgium
- Cilacap ID - Kuwait
- KNPC MABI clean fuel - Kuwait

• SOLUTIONS

- tailor-made solutions
- lattice boom cranes
- SGC-120
- tower cranes
- barges
- gantry lifting systems
- strand jacks
- telescopic cranes
- self-propelled modular trailers
- skidshoes
- winches
- tugs
- weighing cells

WE TREAT EACH PROJECT AS CHANCE TO DEMONSTRATE OUR UNFAILING CAPACITY TO CONFRONT AND SOLVE THE NEEDS OF OUR CLIENTS. IN THIS WAY WE HAVE MADE HISTORY, BECOMING LEADERS IN THE CRANE WORLD.

Additional Expertise in Specialized Off Shore Operations:

- **Designing and supplying a special designed lifting arrangement for riser flow lines on floating production rig. Risers were lifted above deck during maintenance operations.**
- **Removing upper part of derrick during ocean voyage.**
- **Lifting one corner of drill tower for installation of new wear plate on drill tower skid track.**
- **Lifting and lowering spud cans on jack up rigs.**
- **Supplying equipment and personnel for lifting and lowering heat exchanger tank replacement.**
- **Lifting and lowering thruster assemblies during installation and maintenance.**
- **Modular Barge Systems, Sea-going Barges, Twin Barges**
- **Develop & design custom built equipment to facilitate lifting & handling projects on or offshore**
- **Lifting equipment available for use to lift & move risers, derrick towers, thrusters, Blowout Preventers or any large components**
- **Jacking Systems to increase the tower height of existing cranes on board platforms/rigs while in operations**
